Poverty dynamics in rural Mexico:  
What does the future hold?

# Javier Parada

Postdoctoral researcher at The World Bank  
Washington

## Summary

I am an applied microeconomist specialized in the application of econometric methods for big data analysis. I am currently working on the application of remote sensing methods to measure changes in agricultural productivity due to violence and forced displacement in the Middle East.

## Experience

The World Bank  
2 years 8 months

Postdoctoral researcher  
July 2020 - Present (5 months)  
Washington, District of Columbia, United States

Fellows' program in Forced Displacement sponsored by the DFID-UNHCR-World Bank program "Building the Evidence Building the Evidence on Protracted Forced Displacement: A Multi-Stakeholder Partnership".  
Land Use and Conflict in the Middle East

South Asia Data Team  
April 2018 - June 2020 (2 years 3 months)  
Washington D.C. Metro Area

- Harmonization of household surveys and maintenance of South Asia Micro Database (SARMD)
- Construction, adjustment, and analysis of expenditures per capita for poverty and inequality measures
- Study of asset ownership, gender, urban/rural, education, demographic, labor, and housing characteristics
